THICK & EASY[®] Thickened Dairy Beverages Easy to Love when it's Ready to Serve

THICK & EASY[®] Thickened Dairy Beverage is made with partly skimmed milk which has that “real dairy” taste because it is packaged fresh. The thickened dairy products provide the same nutritional benefits as regular milk. Thickening dairy-based products can be difficult. Even well trained staff can be challenged to get a smooth mixture with the proper viscosity. Our thickened milk allows you to provide a high-quality, consistent beverage every time.
